

ADVANCED POULTRY PRODUCTION

The past few years the agricultural sector has seen many changes. Profits per unit are decreasing due to liberalization and globalization. Many farmers respond by increasing the scale of their operations. Achieving good technical results is more and more important.

FOR WHOM

- ⇒ Entrepreneurs in primary production of layers or broilers who want to improve their results or are planning new investments.
- ⇒ Agricultural trainers and extension workers
- ⇒ Staff of (local) government and consultants in agriculture

TARGET

After this course you will be able to identify priorities for improving your poultry farming operations, and have obtained tools to do so.

COURSE

Our tailor-made courses of "Orientation on Dairy Farming" consists of 3 days at CITAVERDE Bedrijfsopleidingen in the Netherlands. The program will contain lectures, practical exercises and several excursions to dairy farms in the Greenport Venlo.
